minimising cataclysmic activity at this time. As you perhaps know, the Andes Mountains in South America have been shaking for the past two months, and the reason for this is that certain balanced powers from the Sun are being fed through this Ray into the very center of the Earth for this coming period.

I return to Ceylon with My own Grant, and shall set up those currents required to further the Cause of the Holy Comforter in the world of mankind. Then I shall proceed into the Inner Realms and set into motion the necessary purifying energies to handle the accumulations of the Body Elementals who choose to avail themselves of My offer. Then I am off to the Central Sun for a meeting with the Great Holy Spirit of the entire Galaxy, Whose Radiation I dispense with regard to the planet Earth alone. I shall not be in attendance in Transylvania until next Saturday, but have asked Lord Maitreya to take My place in case My good Sons and chelas wish to confer with someone on any particular problems, or require authority to proceed on specific activities connected with Their individual Causes. I am hoping, through this meeting with the Holy Spirit of the Central Sun, to receive certain additional powers that will help My Blessed Saint Germain and His Messengers, and also Polaris and Magnus through this time of Earthly travail.

Blessings and Love,

I would again like to remind the reader that the establishment and maintenance of specific God Powers which form the Radiating Centers for the spiritual impetus of the race are drawn, focused and maintained by the self-conscious free will of the individual intelligences who voluntarily engage in such activities.

It has been said by the Illuminati of every age that the Godhead, to express in Its fullness in the world of form, needs a body, and that the God Intelligence must find expression and fulfillment through dedicated lifestreams who form a part of the race who are the beneficiaries of this more than ordinary assistance.

The establishment of the ancient sanctuaries, retreats and foci of Light upon the planet Earth, as well as upon other planets of our System, comes directly under the supervision of the God-parents of our Universe, and from the Fire Temples around the Sun itself are taken the Spiritual Nuclei for the Flames that are to be established within these Spiritual Foci, and, radiating therefrom, hold the balance for the constructive forces through the lower atmosphere in which mankind has chosen to function.

When an individual being belonging to the race chooses to ensoul one of the active principles of the Fire Element, and has, through conscious application and centuries of discipline and dedication of his individual energies, prepared

himself for such an honor, he must pass through the Halls of the Karmic Board, and then be vested with the Powers of the Flame by the Sun Itself. Then the Flaming Center of that Cosmic Quality is anchored into the Three-fold Flame of his own Spiritual Identity, and he is allowed to take incarnation, that through the medium of his physical and inner bodies, the Flame might be anchored in the substance of Earth, and with every heartbeat increase its momentum of power and sphere of influence.

Before the close of incarnation, such an one has always to pass on the responsibility for guiding and guarding that Flame until a new body can be secured for the original 'anchorite' when the process is again repeated and the momentum and power of that Flaming Spiritual Center is increased by his presence in that locality. This continues for century after century until the Cosmic Law determines the focus to be of sufficient intensity and permanence, and then the anchorite, together with his chosen band of disciples, is allowed to incarnate once more and establish a permanent Spiritual Focus which will remain a Radiating Center through which the powers and activities from the Electronic Belt around the Sun will be focused permanently.

The double activity of the Retreats is the magnetic power which draws the lifestreams of those ready to be benefitted by the accelerations of their own Spiritual Endeavors, and the diffusing of the Spiritual Qualities whose presence in the atmosphere keep the outer consciousness from devolving into a completely animal state.

As the number and variety of the Cosmic Qual-

ities of the Godhead, and the Powers and Activities of the Sacred Fire, around the Sun of the System alone, are limitless, and the evolution of the consciousness of the race makes it possible for more and more self-conscious beings to perceive the Qualities and Powers that might enrich the race, the process of establishing, maintaining and expanding the Spiritual Centers is a continuous one, and although the ancient foci have the momentum and power of centuries of application and devotion to the Flaming Substance of the God Power drawn and nourished by the Spiritual Community, new Centers and Foci have come into being through the centuries which will, in time, greatly increase the heritage of the race and externalize more of the Nature of the Godhead, not only through the community, but, by radiation, stimulating the growth and development of those Qualities within the consciousness and nature of all mankind who share alike breath, water, air, and the subtle etheric currents which carry the Gifts of the Godhead directly, and through these foci to the people.

The Master Saint Germain, when He ensouled the Cause of Freedom, and passed through the initiation whereby that Flame was drawn into the substance of His own embryonic Spiritual Nature, first incarnated as a shepherd boy in the hills of Transylvania, and as He pursued His simple occupation, the Flaming Power of Freedom passed through that innocent boyish form and began to pulsate through the substance of Earth, and the akashic record of a future greatness was thereby begun. For many centuries thereafter came again this gentle Son of Freedom until the hour when the momentum was sufficiently intensified that the Karmic Lords, the Beloved Helios and

Vesta, and Sanat Kumara gave permission for the establishment of a permanent Spiritual Community and made a permanent imperishable Focus of Freedom which shall endure throughout all time.

At the close of the Earth life of Francis Bacon, when the final chrysalis was to release into His own Immortal Freedom this Son of Heaven, it was only fitting that from within the heart of the Transylvania Retreat, His liberated Consciousness rose on this very Flame into the Realm of God Perfection from whence He labors ceaselessly today in an endeavor to complete the manifestation of a free world, a free people, and a free Nature Kingdom which will be the ultimate of His God Gift to the race and to the chain to which we belong.

Therefore, the final activity of Freedom's Flame must find its expression through the hearts and consciousness of those dedicated men and women who choose to be anchorites for His Cosmic Momentum and Power wherever they may be; and from the Heart of Transylvania into the hearts of these dedicated men and women there is being directed, and will be sustained like the spokes of a mighty wheel, an actual precipitated Ray from the Heart of the Freedom Flame which, in Its turn will be a radiating center connecting with the life energies of all who form the present humanity incarnate - and to come. Some of these will be impelled to establish Spiritual Communities, builded on the same premise as the original Transylvania Retreat, and thus Freedom will walk the Earth again through the incarnate forms of His disciples.

The sun, the primary planets, and the satellites that form a universe have a periphery which closes them in, so to speak, in exactly the same manner as that every planet has a localized sphere of influence in order that it might not adversely affect the sister planets of the system until it has achieved a harmonious vibration within which no discord is generated or radiated. Those Beings who have achieved the Liberated State are free to rise to any heights within that great Sphere of Influence, which includes the Electronic Belt around the Sun of the System; but once the God-Being leaves the localized vibration of His own Universe, and enters into the Cosmic Highways, becoming subject to the magnetic pull of other Suns and Systems, He must have developed a tremendous capacity to maintain the course set by the conscious mind, and not be pulled by the magnetic powers of love, attraction or sympathetic vibration from the Cosmic Highway which proceeds to His destination.

When it is said that the individual pursuing the Road to Mastery must look neither right nor left, but always into the Heart of the Presence, this same Law is the criterion by which the Master Himself may pursue a course into the Heart of the Central Sun of our System to secure dispensations, grants, and assistance for a Cause in which He is interested. I have known more than one such selfless and wholly free Being who has set out to enter the Cosmic Highway for a hearing before the Cosmic Throne of the Central Sun Itself, Who has been drawn, by one attraction or another, from His original purpose, and as the Grant to leave the localized atmosphere of one's own universe is only for a certain period, such an one has had to return without securing audience.

Therefore, it is not without definite application that We prepare to visit the Central Sun of Our System, less We be swept, by some Cosmic Tide, into an enjoyable byway, and forfeit Our right for audience.

I am happy to report that I was enabled to meet the Great Cosmic Representative of the Holy Spirit for Our entire System, Suns and Worlds, and I was enabled to receive from the Central Sun and this beautiful Holy Spirit, a specific Grant to enable Saint Germain to utilize the energies of His carefully trained and dedicated students during the coming six months, and We feel that this will give Us greater cooperative release from those whom We can reach and who are ready to become the vanguard of His advanced Activity.

I have also secured the voluntary assistance of a number of beautiful Seraphic Beings who will assist the great and selfless Beings who are keeping Our Earth from completely slipping out of its axis, and They will share the weight of the human creation which has been the sole responsibility of those Beings, until the purifying agents can lighten Earth's load, and the axis be gently elevated to its proper position - all in God's good time.

The intensification of the Flame of Freedom in the Heart of the Transylvanian Retreat is affected by the direction of a Cosmic Ray from the Great Central Sun and the Sun of the System at the exact moment when the vibratory action of the Rocky Mountain Retreat receded into Its usual pulsation. This added impetus of the directed Rays from the Sun expanded the Sphere of Influence from Transylvania just as an added release of electrical current lights a greater area in the physical appearance world.

The Ascended Masters and all Emancipated Beings Who direct Their Consciousness and individual powers to the Councils being held, again intensified the Parent Flame of Freedom by Their own Light; each one contributing, from the very substance of His own Heart, an added stimulus which again expanded the Sphere of Influence. As the momentum gathered, and as the Magnetic Power of the Cause of Freedom began to attract the conscious and unconscious members of the human race, seen with the inner eye, wave after wave of an outward-flowing substance of Freedom, like the growing tide, expands the periphery of Freedom's Flame until, even from Our state of Consciousness, the ultimate accomplishment cannot be estimated until the contributing factor of each free-will being has poured the substance of his own life into the momentum already gathered there.

All during the period while the Councils are
